ARRIÈRE PLAN

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize

that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests.

OBJECTIFS DE L'ÉVÉNEMENT

This introductory course on the Sustainable Development Goals will provide the base to start learning more about the process of the 2030 Agenda and its involvement at governmental and non-governmental levels, the private sector and the different citizen actors of civil society.

OBJECTIFS D'APPRENTISSAGE

- To train students in the knowledge of the Sustainable Development Goals (SDGs).
- To provide tools to make work effective from all its areas of action around the fulfilment of the SDGs.
- To promote SDGs so that every person learns to implement these objectives in their everyday life
- To raise awareness about how to develop a sustainable lifestyle
