### BACKGROUND

Gender Matters is an open, self-paced course meant to provide an introduction to the concept of gender.

### EVENT OBJECTIVES

The course offers various lenses through which you can look at the complex concept of gender and the inequalities that exist in your environment.

## LEARNING OBJECTIVES

At the end of the course participants will be able to:

- Define gender as socially embedded;
- Describe key gender-related terms;
- Distinguish between different conceptualizations of gender;
- Identify sources of gender inequality in their environment.

## CONTENT AND STRUCTURE

The course is composed of eight sections:

- Section 1: Defining gender
- Section 2: Gender vs. sex

- Section 4: Gender as order

## METHODOLOGY

The course is a self-guided, self-paced, web-based course that is on-going and can be accessed at any time. The material is presented in an interactive visual and text format with web-based reference resources. Multiple choice quizzes at the end of each lesson serve a dual function of assessing and evaluating the students' understanding and retention and provide a further didactic function by reviewing the content.

At the successful completion of the course participants will be awarded with a [badge](#).
